

THE SCHOOL OF ARCHITECTURE

The most important street of the zone is Avenida Tolosa / Tolosa Hiribidea, that crosses the university campus and leads to Ondarreta Beach. The most well known and visible building of the zone is Magisterio (Spanish) / Majisteritza (Basque), which give name to the bus stop. The School of Architecture (Arquitectura) is placed closed to Magisterio in a square with a small park called Plaza de Oñati.

School of Architecture (Arquitectura)

There is no entrance to the School of Architecture though that square. To enter the building go to the right part of the square and search for the red brick building with four doors. Enter the building and you will find the Bridges reception desk at the end of the main passage of the School. The art gallery is placed behind the first door of the left.

If you want to go to the city centre by bus, cross Avenida Tolosa and take bus number 5 or 25, "BENTA BERRI", direction to the beach. The ticket costs 1,10€. Take the 7th stop (BOULEVARD). If you prefer to walk, the distance is 30-45 minutes along the beach.
